

The Problem:

1. Hard starting.
2. Stalling.
3. Rough idling.
4. Hesitation.
5. Knocking.
6. Loss of power.
7. Poor fuel economy.
8. Increased emissions.
9. A need for higher octane gas.

If it has been a year or 15,000 miles your engine could have already built up deposits. Keep your vehicle safe and reliable with a complete Briganti's Fuel System Tune-Up Service.

The Solution:

Completely clean the entire fuel system of deposits.

Fuel lines

Fuel injectors

Intake valves

Combustion chambers

Throttle plate and throttle valve

Restore the fuel system to its original design for:

Maximum Performance

1. Easy starting.
2. Smooth idling.
3. Increased power.
4. Eliminate knocking.
5. Maximum fuel economy.

Service Recommended Every 1 year or 15,000 miles Can You See A Difference?

6. Minimum emissions.
